Steps to **project development**

1. Check **relevance**
2. Get **inspired**
3. Share **project idea**
4. Find **partners**
5. Ask for **feedback** (available only when call is open)

Check **relevance**

Is Interreg Europe for you?

⇒ Are you involved in regional development policies?

⇒ Are you looking for new solutions?

⇒ Are you ready to work with partners from other European countries?

www.interregeurope.eu/your-projects-relevance

Check **relevance**

Self-assess your idea before asking for our feedback

The screenshot shows the 'Self assessment tool' page on the Interreg Europe website. The page features a navigation bar with links: 'Discover the programme', 'Look for fundings', 'Approved projects', 'Get policy advice', 'Find policy solutions', and 'Meet the community'. A sidebar on the left lists eight categories: 1. Issue definition, 2. Policy instrument, 3. Jobs and growth programme, 4. Partner's status, 5. Authorities responsible, 6. Interregional cooperation, 7. Exchange of experience, and 8. Innovative character. The main content area is titled 'Self assessment tool' and includes the following text: 'Answer the series of questions below to check if your project idea is relevant for Interreg Europe. Before going forward with your application or seeking assistance from us, make sure to check the relevance of your project! If you can answer 'yes' to all the questions, you're on the right track. The self-assessment is for information purposes only.' A highlighted section for '1 Issue definition' contains the questions: 'Is the issue addressed by the project clear and specific enough?' and 'Does it clearly fit within the priorities of the cohesion policy?'.

Get **inspired** by other project ideas

Check what project ideas already exist and search for partners

The screenshot shows the 'Project ideas' section of the Interreg Europe website. At the top left, the Interreg Europe logo is displayed alongside the text 'co-funded by the EUROPEAN UNION'. To the right, there are links for 'Help & contact' and 'My account'. Below the logo, a navigation bar contains links for 'Discover the programme', 'Look for fundings', 'Approved projects', 'Get policy advice', 'Find policy solutions', and 'Meet the community'. The main content area features a large heading 'Explore project ideas' in blue, set against a background image of a lit lightbulb and a potted plant. Below the heading is a search bar with the placeholder text 'Search for project ideas' and a blue 'Search' button. Two links, 'What is a project idea?' and 'Submit your idea', are positioned below the search bar. A filter bar below the search bar includes 'Project ideas' (selected), 'For you', 'Topics', 'Countries', 'Status', and an 'Apply filters' button. At the bottom of the filter bar, it shows '24 Project ideas' and a 'Sort by newest' dropdown menu.

Share **project idea**

Publish your project idea on our website to tell others:

⇒ what you'd like to do

⇒ what partners you are looking for

The screenshot shows the Interreg Europe website interface. The top navigation bar includes the Interreg Europe logo, the European Union flag, and several menu items: "Discover the programme", "Look for fundings", "Approved projects", "Get policy advice", "Find policy solutions", and "Meet the community". There are also icons for a chat bubble and a user profile.

The main content area features a large orange graphic with a white speech bubble icon. The text reads: **Clone of Railways' Industrial & Cultural Heritage - Developing European Sustainable Tourism**. Below this, there is a "CONNECTED TEN-T" logo.

On the left side, there is a sidebar with the following links: "About the project", "Project idea owner", and "Partners we are looking for".

The main content area has a "Looking for partners" tab selected. Below it, the heading "About the project" is followed by a paragraph: "As renewables penetrate further into the energy grid, variability affects the grid and flexibility becomes a key solution. Therefore, we recommend to use data centers as a source of energy flexibility to support the roll-out of renewables. This can include diesel generators, oversized batteries and hydrogen fuel cells."
